

### Data of Supervisors of the Doctoral School at WPUT

Supervisor: (academic titles and degrees, name and surname)	Prof. dr hab. inż. Agata Markowska-Szczupak
Units:	West Pomeranian University of Technology in Szczecin, Faculty of Chemical Technology and Engineering, Piastow Ave. 42, 71-065 Szczecin, Poland Tel. +48 449 41 55
E-mail:	agata.markowska.szczupak@gmail.com Agata.Markowska@zut.edu.pl
Contact:	Piastow Ave. 42, 71-065 Szczecin, Poland Tel. +48 449 41 55
ORCID	0000-0002-3034-0263
Scientific Discipline(s):	Chemical engineering
Research Areas (max. 2000 characters):	My research area focused on the characterization of antimicrobial properties organic and inorganic substances and materials (in particular nanomaterials) for medical applications. I am also interested in some aspects of air and water treatment (disinfection and sterilization techniques) and biotechnology.
Keywords (max. 10):	antimicrobial, mold fungi, nanomaterials, photocatalysis, toxicity
